

Signs of Zodiac

Neon Black

I know you rule the night
Do you think that it's enough?
I know you feel alright,
Be true and look inside!

I don't see white or Blue
Colors aren't made for me
I don't see white or blue
So show me something new.

I'm dreaming neon black
I'm dreaming neon black

They say the future's open
So I ask for whom?
Maybe the future's open
But surely not for me!

I don't see white or blue!
Colors aren't made for me
I don't see white or blue
So show me something new

I'm dreaming neon black
I'm dreaming neon black
